Re : Notification of Criminal Identity Theft Case via Online Payment.

Dear [REDACTED]

This is to inform you that your current case is being handled by Attorney General John M. Formella, who is currently serving United States of America as the 31st Attorney General of New Hampshire since 2021. He previously served as legal counsel for Governor Chris Sununu.

About the case that is currently going on we have noticed unsanctioned transaction from Amazon account Made with your Identity. This may or may not be intentionally done to defraud the Banking System. But, the consequences for the Federal Law Infringement remain same for Guilty parties involved.

Before we provide you with Offer-in-Compromise (OIC), we need you to cooperate with the authorities to help you secure your funds and Assets in the instructed manner by the Courthouse. Post securing your funds /Assets, Money Marketing / Stocks / Bonds in the Federal Safety Locker Account we will be shutting down all the accounts linked with your social security number (Financial & Non Financial) till we provide you with a new Federal Account (Safety Locker Facility) generated by the US Treasury Department which would take approximately 48-72 hours from the time of request initiation.

For any more enquiries please email at backend.ftc@gmail.com or call on 915-267-2766

Sincerely,

A handwritten signature in black ink, appearing to read "Jane E. Young".

Jane E. Young
Deputy Attorney General
