Re: RSA 234:25-b Inspection of Red List Bridges: Report
**   Red Lists Updated for 2020**

Dear Governor Sununu:

In accordance with *RSA 234:25-b Inspection of Red List Bridges: Report,* please find enclosed copies the 2021 submittal of State and Municipal Red List bridges, compiled by the New Hampshire Department of Transportation (NHDOT). For your use and reference, these 2021 Red Lists are based on inspection data gathered through December 31, 2021. This information shows that during the 2021 inspection cycle, the number of State Red List bridges decreased from 118 to 114, and the Municipal Red List bridges decreased from 223 to 222.

As required, copies of this letter and Red List information will be distributed to other elected officials and to the municipalities, via email and/or paper copies. Additional bridge data, including State and Municipal Red Lists, can also be found on the NHDOT Bridge Design web page at: https://www.nh.gov/dot/org/projectdevelopment/bridgedesign/documents.htm. All bridge inspection data is gathered in accordance with the National Bridge Inspection Standards (NBIS), per Federal Highway Administration (FHWA) regulations.

Should you have any questions in regards to this information, you may contact Loretta Girard Doughty (Loretta.G.Doughty@dot.nh.gov) or Nick Goulas (Nicholas.Goulas@dot.nh.gov) in the NHDOT Bridge Design Bureau at (603) 271-2731. They will be able to respond to any inquiries on this data.

Sincerely,

Victoria F. Sheehan
Commissioner
