

If your business is certified as a DBE by NHDOT, you may be eligible to participate in the DBE Supportive Services Program.

There's no cost to certify as a DBE and the opportunities for free support and consultation are many. We help DBEs through trainings, consultation, as well as direct one-on-one strategies and implementation.

Disadvantaged Business Enterprises (DBEs) are socially and economically disadvantaged businesses owned by women, minorities, and/or economically disadvantaged individuals.*

To learn more, contact the DBE Supportive Services Consultant

John Cleveland from

Cleveland Civil Rights Consulting, LLC at 602-561-9990 or johnycleveland@cox.net

*Firms owned and controlled by individuals who are not presumed to be socially and economically disadvantaged may also apply for DBE certification.
