This bulletin is a reminder to any fire departments that have not yet submitted 2020 NHFIRS data to the NH State Fire Marshal's Office as required by statute and administrative rule.

RSA 153:11 and Saf-C 6007 requires that fire departments submit their emergency incident data to the NH State Fire Marshal's Office no later than the 15th of the month following. For example, July 2020 incident data is required to be sent in no later than August 15, 2020.

If you are experiencing difficulty in meeting this requirement and need technical assistance, please contact the NH State Fire Marshal's Office at nhfirs@dos.nh.gov and we will provide free technical support.

The NH State Fire Marshal's Office also now accepts data via secure FTP site. Registering for a free account to this site is easy. Please submit a request by e-mail to nhfirs@dos.nh.gov with department name, Fire Chief's name, e-mail address that you want associated with the account and a phone number for the contact person of your department account.

Your compliance with the statute and administrative rule is appreciated. Thank you for "*Fighting Fires with Facts*".
